Biography

MIX MOB is a San Diego, California–based alternative reggae-rock band blending reggae, rock, punk and hip-hop. Founded in 1996 in Fresno, California by Ryan Weaver (vocals and songwriting) and Matt Rowe (bass), the band built its sound on Southern California cruising culture and relentless DIY energy.

In 2002 MIX MOB released its debut album, So Cal Drunks, through Suburban Noize Records. Its single “Cruizer Love,” featuring Ryan Weaver and Saint Dog of Kottonmouth Kings, earned a Song of the Year nomination at the 12th Annual San Diego Music Awards and reached No. 35 on 91X’s Top 91 Songs of 2002. That June, MIX MOB performed at 91X X-Fest 2002 at Coors Amphitheatre in Chula Vista.

The band paused in 2004. Ryan Weaver later revived MIX MOB, recording new music with producer Lewis Richards of 17th Street Recording and collaborators including Dread Kennedy. “Brighter Days,” “One More” and “Rock Star” were released in 2025, and “Let’s Cruise” followed on October 9, 2026. Ryan continues writing, recording and releasing original MIX MOB music, with more on the way.
